MEMORANDUM FOR THE RECORD

SUBJECT: [] Display of Tactical Reconnaissance Exploitation Equipment

1. I was notified this date by [] that they are displaying some tactical reconnaissance exploitation equipment developed for the Air Force at the [] Washington, D.C.), during the period 28 October through 5 November from 0900-1600 hours.

2. Particular equipments they are displaying which may be of interest are as follows:

a. Contact Printer. This is a special drum type device on which the reproduction master negative along with appropriate annotations are fastened on the drum for reproducing multiple positive copies.

b. Light Table. This is a modular desk top light table system which may be converted through the attachment of various modules to serve several purposes from film viewing to densitometry.

c. Film Titler. A relatively simple automatic titling device for roll film.

3. If you are interested in attending this exhibit, it is possible to obtain special parking permits in the vicinity of the given address by informing the parking attendant of your purpose. If you desire to ask fairly detailed questions about the equipment, it would be advisable for you to call me on [] in advance so that arrangements can be made to have qualified [] representatives in attendance.

Special Assistant for Plans & Applications, []
